

Listed below are the things we plan to ship out to Sri Lanka for the camp. We are hoping to have all the things collected by the first week of January 2009. Most of the things in the list will be purchased in the US and some out in Sri Lanka as some technical details and specifications on them will suit best if we buy it out there. We prefer you giving us the cash so that we get to go buy the things that will suit the camp, culture, environment, etc. However, if you have something in this list and it/they are in good condition and you like to donate it, you can let us know so that we can arrange to get it out to us. Please see in the website on how to send your gifts (by checks or Credit card). We appreciate your help and support in getting this shipment together.

Item	Type	Description of item/s and other details	Qty	Unit cost (\$)	Cost (\$)
<b>Maintenance</b>
